

FABIEN REDON***Chief Technology Officer and Executive Vice President of Product Development***

Fabien Redon was appointed **Chief Technology Officer (CTO) and Executive Vice President of Product Development** of Westport Fuel Systems on May 1, 2023. As an experienced leader with a proven track record of building and managing high performance technical organizations, he brings knowledge and creativity to improve automotive energy systems for a sustainable future. In his role of CTO, Redon will be responsible for developing and delivering clean alternative fuel systems products from concept to customers in the global transportation and off-road markets while effectively implementing global integration strategies to optimize resource utilization worldwide.

Prior to joining Westport, Redon served for five years as Executive Vice President and CTO for Achates Power. Prior to his most recent role, Redon held several other executive positions with Achates Power leading the company's Technology and Performance and Emissions Development activities. He has also held senior roles with leading global companies including General Motors and Detroit Diesel.

He holds a Master of Business Administration from the University of California, a Master of Engineering from the University of Michigan and a Bachelor of Science in Mechanical Engineering from Florida Institute of Technology.

About Westport Fuel Systems

At Westport Fuel Systems, we are driving innovation to power a cleaner tomorrow. We are a leading supplier of advanced fuel delivery components and systems for clean, low-carbon fuels such as natural gas, renewable natural gas, propane, and hydrogen to the global transportation industry. Our technology delivers the performance and fuel efficiency required by transportation applications and the environmental benefits that address climate change and urban air quality challenges. Headquartered in Vancouver, Canada, with operations in Europe, Asia, North America, and South America, we serve our customers in more than 70 countries with leading global transportation brands. At Westport Fuel Systems, we think ahead. For more information, visit www.wfsinc.com.
