

**ULF LUNDQVIST*****Director of Business Development for HD OEM***

Ulf Lundqvist joined Westport Fuel Systems in October 2019 as the Director of Business Development for HD OEM. He holds a Master of Science degree in Applied Mechanics from the Royal Institute of Technology in Stockholm, KTH.

In 1998, Mr. Lundqvist began his professional career in the automotive industry at the truck manufacturer Scania, where he contributed to improving combustion and developing innovative solutions for emission reduction.

Prior to joining Westport, he spent 20 years at the automotive consulting firm AVL List GmbH, holding various positions including project management, combustion specialist, director of business development for Scandinavia, and global account management for one of AVL's key clients.

Mr. Lundqvist has played an instrumental role in driving profitable growth throughout his career. His innovative contributions have resulted in several patents in the field of efficient and clean combustion engines.

In business acquisitions, he effectively combines his excellent technical knowledge of combustion engines with his understanding of customer needs and economics.

About Westport Fuel Systems

At Westport Fuel Systems, we are driving innovation to power a cleaner tomorrow. We are a leading supplier of advanced fuel delivery components and systems for clean, low-carbon fuels such as natural gas, renewable natural gas, propane, and hydrogen to the global transportation industry. Our technology delivers the performance and fuel efficiency required by transportation applications and the environmental benefits that address climate change and urban air quality challenges. Headquartered in Vancouver, Canada, with operations in Europe, Asia, North America, and South America, we serve our customers in more than 70 countries with leading global transportation brands. At Westport Fuel Systems, we think ahead. For more information, visit www.wfsinc.com.
