

Westport Fuel Systems Italia S.r.l. and its directly or indirectly controlled subsidiaries (jointly referred to as “Westport Italia”, “WFSI”, “WFS Italia”, the “Company” or the “Group”) promote sustainable and responsible procurement practices throughout the entire supply chain, recognizing their economic, social and environmental impact.

The Group integrates Environmental, Social and Governance (ESG) principles into its purchasing and decision-making processes, adopting a risk-based and due diligence approach aimed at identifying, preventing and mitigating potential negative impacts.

In particular, the Group requires its suppliers to:

- respect human rights and comply with applicable regulations;
- ensure safe and fair working conditions in accordance with legal requirements;
- operate according to ethical principles, preventing corruption, conflicts of interest and unlawful conduct;
- adopt appropriate quality standards, promoting innovation and continuous improvement;
- contribute to environmental protection through the responsible use of resources, reduction of emissions and sustainable waste management;
- ensure adequate levels of information security and data protection.

The Group promotes a collaborative approach with suppliers, aimed at the continuous improvement of ESG performance across the supply chain, including through assessment, monitoring and audit activities.

Compliance with the principles set out in this policy constitutes a fundamental requirement for establishing and maintaining business relationships. In the event of non-compliance, the Group reserves the right to request corrective actions or take appropriate measures, up to and including termination of the relationship in cases of serious breach.

The Sustainable Procurement Policy was approved by the Board of Directors on **May 18, 2026**.
